

Thank you for joining us! We thank our wonderful and talented performers that have brought you their messages of striving for peace in a military oriented world. They have donated their time and efforts and we hope you will talk with them, consider their recordings and merchandise, and support them with your attendance at their future events. We also give a big thanks to the other volunteers that have helped out!!

Veterans for Peace is a national organization founded in 1985 and dedicated to working together for peace and justice through non-violence. We believe it is crucial that we as a country learn to **WAGE PEACE!**

Veterans For Peace is structured around a national office in St. Louis, MO and comprised of members across the country organized in chapters or as at-large members. There is an annual convention each year attended by our members, families and supporters from across the nation. Members receive periodic VFP publications and emails of activities. You do not need to be a veteran to be a member of VFP!

The organization includes men and women veterans of all eras and duty stations including from the Spanish Civil War (1936-39), World War II, the Korean, Vietnam, Gulf and current Iraq wars as well as other conflicts. Our collective experience tells us wars are easy to start and hard to stop and that those hurt are often the innocent. Thus, other means of problem solving are necessary. Veterans for Peace is an official Non-Governmental Organization (NGO) represented at the United Nations.

Whether or not you wish to participate in chapter activities, please consider becoming a Veterans For Peace member. You do not need to be a veteran to be a member of VFP!

As an organization, we are what our members make us. You can be part of that effort. Help us put an end to war.

We draw on our personal experiences and perspectives gained as veterans to raise public awareness of the true costs and consequences of militarism and war - and to seek peaceful, effective alternatives.
